## Spiced Apple Cider Waffles

### Ingredients

2/3 cup arrowroot powder  
1/2 cup coconut flour, sifted  
1/2 teaspoon cinnamon  
1/2 teaspoon pumpkin pie spice  
(or just double the cinnamon  
if you don't have pumpkin  
pie spice on hand)  
1/4 teaspoon finely ground sea salt  
1/2 teaspoon baking soda  
4 large eggs  
1/4 cup honey  
1/2 cup apple cider  
Ghee (or butter or coconut oil) for  
greasing the waffle iron and for garnish  
Maple syrup for serving (optional)

### Instructions:

1. Place all the ingredients except the ghee in a large mixing bowl and whisk or use a hand or stand mixer to combine until smooth. Allow the batter to sit for 10 minutes to thicken.
2. Heat up your waffle iron and brush it with the ghee. Fill the iron completely with the batter, allowing it to reach all of the edges. This is different from a typical instruction with a waffle iron because these will rise but will only spread a tiny bit. Allow the waffle to cook for a few minutes until it rises and is golden brown.
3. Serve topped with ghee and maple syrup.

## Cinnamon Spice Pancakes

### Ingredients

1/4 cup plus 2 tablespoons coconut flour  
1/2 teaspoon baking soda  
1/4 teaspoon ground nutmeg  
1 teaspoon ground cinnamon  
4 large eggs, beaten  
1/2 cup full-fat, canned coconut milk  
1 teaspoon lemon juice  
2 teaspoons honey  
2 tablespoons unsalted butter, ghee, or  
coconut oil, for cooking melted butter  
or ghee, for serving

### Instructions:

1. Sift the coconut flour, baking soda, nutmeg, and cinnamon into a large bowl. Add the eggs, coconut milk, lemon juice, and honey to the bowl. Whisk until smooth.
2. Melt the fat in a medium skillet over medium heat. Pour 1/4 cup of batter into the hot pan for each pancake, leaving room for it to spread.
3. Cook each pancake for 2 minutes, then flip it over and cook for 2 more minutes on the opposite side. Transfer the cooked pancakes to a plate and cover to keep warm while you cook the rest of the pancakes.
4. Top with the melted butter and serve.

## Gingerbread Muffins

### Ingredients

6 eggs  
1/2 cup butter or coconut oil  
1 teaspoon pure vanilla extract  
1/2 cup blackstrap molasses  
1/4 cup grade B maple syrup  
1/2 cup coconut flour  
1/2 teaspoon sea salt  
1/4 teaspoon baking soda  
1 teaspoon cinnamon  
1 teaspoon ginger  
1/2 teaspoon ground cloves  
3 cups carrots, shredded  
1/2 cup raisins (optional)

Frosting (optional)  
1/4 cup coconut butter  
1/4 cup coconut oil  
1/4 teaspoon of freshly grated ginger  
1 tablespoon orange zest  
1 tablespoon shredded coconut

### Instructions:

1. Preheat oven to 350° F.
2. Whisk the eggs, butter or coconut oil, pure vanilla extract, molasses, and maple syrup together in a large mixing bowl.
3. Sift in the coconut flour, sea salt, baking soda, cinnamon, ginger, and ground cloves. Next add in the carrots and raisins (if using) and combine together.
4. In a muffin tin, scoop 1/4 cup of the batter into each lined muffin container (natural parchment muffin papers work best for lining), and bake for 35 minutes.
5. Combine all frosting ingredients until smooth. Allow the muffins to cool slightly before frosting.

## Pumpkin Cranberry Muffins

### Ingredients

6 eggs  
1/4 cup canned pumpkin  
1/2 cup butter or coconut oil, melted  
1 teaspoon pure vanilla extract  
1/4 cup grade B maple syrup  
1/2 cup coconut flour  
1/2 teaspoon sea salt  
1/4 teaspoon baking soda  
1 tablespoon pumpkin pie spice  
1/2 cup fresh cranberries

### Instructions:

1. Preheat oven to 350° F.
2. Whisk the eggs, pumpkin, butter or coconut oil, pure vanilla extract, and maple syrup together in a large mixing bowl. Sift in the coconut flour, sea salt, baking soda, and pumpkin pie spice and stir until well combined. Gently fold in the cranberries.
3. In a muffin tin, scoop 1/4 cup of the batter into each lined muffin cup (natural parchment muffin papers work best for lining), and bake for 35 minutes.
4. These muffins taste delicious with the Simple Cranberry Sauce on page 44.

## Grandma Barbara's Stuffed Mushrooms

### Ingredients

- 1 dozen baby Portobello mushroom caps, cleaned
- 1 tablespoon bacon fat (or other cooking fat)
- 1/4 cup bell pepper, minced
- 1/4 cup yellow onion, minced
- 1 lb ground pork sausage (use ground pork plus Italian Sausage blend)
- 2 cups spinach, finely chopped or processed
- 1 clove garlic, grated

### Instructions:

1. Preheat oven to 450° F.
2. Place the mushrooms on a baking sheet with the "cup" side facing down, and bake for 10 minutes or just enough to allow some of the moisture to release from the mushrooms. Do this before or while you prepare the filling mixture.
3. In a large skillet over medium heat, melt the bacon fat, and place the bell peppers and yellow onions in the pan, sautéing until the onions are clear and soft. Add the sausage to the pan, and cook it until little or no pink meat remains (approximately 5 minutes), stirring occasionally to break up any large chunks of meat.
4. Add the spinach and garlic, and combine together in the pan. Spoon the mixture into each of the mushroom caps, and place them back onto the baking sheet.
5. Bake for approximately 20 minutes or until golden brown on top.

## Bacon Wrapped Pecan Dates & Pineapple

### Ingredients

- 12 dried medjool dates
- 2 dozen pecan halves
- 12 slices of bacon
- 1-2 cups fresh pineapple  
(to yield 12 chunks, about 1" each)

### Instructions:

1. Preheat oven to 425° F.
2. Slice the dates down the center lengthwise; remove and discard the pits. Place 2 pecan halves in the center of each date where the pit had been.
3. Slice the bacon in half so that you now have 2 pieces from each strip, each approximately 4 inches long. Wrap one piece of bacon around each pecan-stuffed date, and secure with a toothpick.
4. Wrap the remaining bacon, 1 piece each, around the pineapple chunks, and secure with a toothpick.
5. Place the bacon-wrapped dates and bacon-wrapped pineapple onto a sheet, and bake for 20-30 minutes or until the bacon is done to your liking.

## Herb Almond Cheese Spread

### Ingredients

1 cup raw almonds  
2 ¼ cups water, divided  
5 tablespoons extra-virgin olive oil  
1/4 cup fresh lemon juice (2 lemons)  
1 clove garlic, minced or grated  
2 tablespoons minced fresh chives  
Sea salt and black pepper

### Instructions:

1. Place the almonds and 2 cups of the water in a glass or other nonporous container and let them soak, covered, in a dark place, overnight or for 8 hours.
2. Drain and rinse the almonds, then place them in a food processor along with the remaining 1/4 cup water and the rest of the ingredients. Process until smooth and creamy, stopping occasionally to scrape down the sides of the processor, about 5 minutes total.
3. If you'd like a lighter texture, add another tablespoon of warm water at a time until you achieve the desired consistency.

# **SOUPS, SALADS AND SIDES**

## Butternut Sage Soup

### Ingredients

- 1 butternut squash
- 4 tablespoons bacon fat, coconut oil or ghee, divided
- 1 yellow onion, diced
- 4 cloves of garlic, peeled and smashed
- 1/2 teaspoon dried sage
- 1/2 teaspoon sea salt black pepper to taste
- 16 ounces Bone Broth, chicken is ideal
- 2 tablespoons coconut milk (optional)
- Juice of 1 orange
- 2 tablespoons water (more or less as needed)
- 8-12 fresh sage leaves

### Instructions:

1. Preheat oven to 400° F.
2. Peel and chop the butternut squash. Toss in 1 tablespoon of the bacon fat in a roasting dish and bake for about 40 minutes or until fork-tender.
3. While the squash roasts, melt the remaining bacon fat in a large pot or skillet. Sauté the onions until they begin to brown along the edges. Add the garlic to the skillet, followed by the sage, sea salt, and pepper. Cook for approximately 2 minutes to take the edge off of the raw garlic.
4. Add broth, coconut milk, and water. Add the roasted squash, and stir together. Finally, add the orange juice just before turning off the heat.
5. After the soup has cooled, pour it into the blender, and blend until smooth. Be careful not to fill the blender to the top because the steam will expand the liquid.
6. Once the soup is in bowls, use a small frying pan or cast iron skillet to fry the sage in 1-2 tablespoons of butter or ghee until it looks bubbly or is crispy to the touch.

## Creamy Mushroom Soup

### Ingredients

1 tablespoon bacon fat or ghee  
1/2 medium onion, diced (1 cup)  
Sea salt and black pepper  
1 dozen medium-sized mushrooms  
(cremini or shiitake), sliced  
leaves from 1 sprig fresh thyme  
(1/2 teaspoon), plus an additional sprig  
for optional garnish  
Pinch of nutmeg  
3 1/2 cups broth  
1/2 cup full-fat coconut milk,  
canned or homemade

### Instructions:

1. In a large saucepan or soup pot, melt the bacon fat over medium heat, then cook the onions until they're translucent and the edges begin to brown, about 5 minutes. Season lightly with salt and pepper.
2. Add the mushrooms, thyme leaves, and nutmeg to the pan. Continue to cook until the mushrooms brown, about 10 minutes. Add the Bone Broth and coconut milk and simmer for 5 minutes.
3. Using a slotted spoon, remove 1/2 cup of the mushrooms from the pan and set aside. (For a completely creamy soup without any chunks of mushroom, skip this step.)
4. Transfer the soup to a blender in 3 small batches, removing the center "valve" from the lid and covering the hole where the valve normally rests with a thick kitchen towel. Holding the lid in place with your hand, blend on low, then move to high speed after a few seconds.
5. Note that blending hot liquids causes them to expand, so rushing to blend this all at once or in an overfilled blender is not safe and will cause hot soup to splatter everywhere.
6. After blending all 3 batches, pour the soup into serving bowls and evenly distribute the reserved mushrooms. Garnish with a portion of a thyme sprig, if desired.

## Cilantro Pumpkin Soup

### Ingredients

- 1 tablespoon unsalted butter, ghee, or coconut oil
- 1 medium white onion, diced
- 1 teaspoon ground nutmeg
- 1 teaspoon paprika fine sea salt and ground blackpepper
- 2 cups full-fat, canned coconut milk
- 3 cups homemade cooked pumpkin or canned pumpkin (about two 15-ounce cans)
- 4 cups broth
- 1/4 cup minced fresh cilantro, divided
- 1/4 cup chopped pine nuts, for garnish

### Instructions:

1. Melt the fat in a stockpot over medium heat. Add the onion and sauté for 2 minutes, until translucent. Add the nutmeg, paprika, and a pinch of salt and pepper and cook for 1 more minute.
2. Add the coconut milk, pumpkin, and broth to the pot and stir to combine. Bring the mixture to a simmer over medium heat, uncovered.
3. Keep simmering for about 10 minutes, stirring often.
4. Remove the soup from the heat. Use an immersion blender to puree, or puree in a blender or food processor in batches. Adjust the seasonings to taste.
5. Add half of the cilantro and stir. Divide the soup between bowls and garnish with the remaining cilantro and the pine nuts before serving.

## Quick Turkey Stock

### Ingredients

1 turkey neck  
Excess skin from turkey  
& trimmings  
32 oz water

### Instructions:

1. Preheat the oven to 375° F. (This is the same temperature you will use to roast the turkey.)
2. While you prepare the turkey for roasting, place the neck, back (if you split the bird), and skin on a small rimmed baking sheet and bake for about 30 minutes.
3. Transfer the neck and skin to a small pot on the stovetop and simmer over medium heat until the stock begins to reduce slightly - about 20 minutes.
4. Reduce the heat to low and simmer for an additional 20-30 minutes or continue to simmer on low until the turkey is fully cooked.

## Broccoli & Bacon Salad with Creamy Balsamic Dressing

### Ingredients

4 slices bacon  
1 large head broccoli  
¼ cup Healthy Homemade Mayonnaise  
3 tablespoons balsamic vinegar  
2 tablespoons minced shallot  
Sea salt and black pepper to taste

### Instructions:

1. Slice the bacon crosswise into ¼ inch strips and cook it in a skillet over medium heat until crispy.
2. Remove the bacon from the pan and set it on paper towels to drain. Reserve the bacon fat for another use.
3. Chop the broccoli into large florets. Steam the broccoli in a basket over 1 inch of boiling water until it's bright green but not overdone, about 5 minutes. Place the steamed broccoli in a large bowl of ice water to "shock" it-this will keep it from cooking further and maintain its bright color. Drain in a colander.
4. In a small mixing bowl, whisk together the mayonnaise, vinegar, shallot, salt, and pepper.
5. In a serving bowl, toss the broccoli with the dressing, then garnish with the bacon strips. Serve at room temperature.

## Green Bean Casserole

### Ingredients

1 teaspoon bacon fat or ghee  
1 large shallot, thinly sliced (1/4 cup)  
1 1/2 to 2 pounds green beans, trimmed  
1 1/2 cups Creamy Mushroom Soup  
1/2 cup almond meal or other nut meal  
Sea salt and black pepper

### Instructions:

1. Preheat the oven to 350 F.
2. In a small skillet over medium heat, melt the bacon fat, then cook the shallots in the fat until translucent and slightly browned on the edges, about 5 minutes.
3. Roughly chop the green beans and place them in a 9-by-13- inch baking dish. Pour the Creamy Mushroom Soup over the green beans, then top evenly with the almond meal.
4. Sprinkle the top with salt and pepper and then evenly distribute the shallots across the top.
5. Bake for 20 to 30 minutes or until the sides of the casserole are bubbling.

## Simple Cranberry Sauce

### Ingredients

15-16 ounces fresh cranberries  
Organic honey or maple syrup to taste  
Juice + zest of one orange

### Instructions:

1. In a medium-sized sauce pot, simmer the cranberries with the water/juice until all berries have “popped” open, and the texture is gelatinous. Add the honey or maple syrup to taste.
2. Remove the mixture from the heat, and allow it to come to room temperature before refrigerating for later use.

## Apple-fig Cranberry Sauce

### Ingredients

- 2 large green apples, peeled and finely diced (about 2.5 cups)
- 1 cup water, divided
- 3 cups fresh cranberries (about 10 oz)
- 4 dried figs
- Juice + zest of 1 orange - optional

### Instructions:

1. Simmer the apples with 1/4 cup of water over medium heat, stirring occasionally, until they become softened and completely unified as a sauce - about 15 minutes.
2. Reduce the heat to medium-low; stir in the cranberries and 3/4 cup of the water. Simmer covered or partially covered until the cranberries all pop open and become soft, about 10 minutes.
3. While the cranberries simmer, finely dice the figs, removing any hard stem tips that may be intact. In a separate small saucepot, simmer the chopped figs over low heat in either the remaining 1/4 cup of water (or the orange juice if using), until soft, about 5 minutes. Stir the figs and the water into the cranberry and apple mixture, reduce the heat to low and allow the mixture to reduce while partially covered, so that more of the water cooks out and it becomes thicker, about 10-15 minutes.
4. Purée all ingredients in a food processor for 2-3 minutes while warm. Serve warm or chilled, garnished with the orange zest if using.

## Spiced Applesauce

### Ingredients

4 green apples, peeled and diced  
1/4 cup water  
2 pinches ground nutmeg  
2 pinches ground allspice  
1 pinch ground cloves  
1/2 teaspoon ground cinnamon  
1 cinnamon stick

### Instructions:

1. Place all the ingredients in a saucepan. Bring to a simmer over medium-low heat and simmer for 30 minutes or until the apples are cooked and become soft to your desired texture, chunky or smooth.
2. Remove the cinnamon stick before serving or storing.

## Sweet & Savory Potatoes

### Ingredients

3-4 large sweet potatoes, peeled and diced  
1 tablespoon coconut oil, butter, ghee, or duck fat  
1 teaspoon cinnamon  
1 teaspoon pumpkin pie spice  
1 teaspoon onion powder  
Sea salt & black pepper

### Instructions:

1. Preheat the oven to 375°F.
2. In a large roasting pan, toss the sweet potatoes with the coconut oil well to combine, using your hands to feel that each piece of potato is coated. Sprinkle in the spices and season liberally with salt and pepper, toss to coat evenly.
3. Roast for 30-40 minutes or until the potatoes are fork tender and the edges begin to brown.

## Chestnut & Sausage Stuffing

### Ingredients

- 1 pound ground pork
- 2 tablespoons Italian Sausage Spice Blend
- 1 tablespoon butter, duck fat, or bacon fat
- 1 large onion, chopped
- 3 stalks of celery, diced
- 2 large carrots, peeled and diced
- 2 green apples, chopped into 1/2 in pieces (optional)
- 1 teaspoon chopped fresh sage
- 1 teaspoon chopped fresh rosemary
- 1/2 teaspoon fresh thyme leaves
- Sea salt & black pepper to taste
- 14 ounces cooked chestnuts, roughly chopped (about 2 1/2 cups)
- 1/2 cup fresh cranberries (or use 1 cup dried cranberries)
- 1/4 cup turkey stock

### Instructions:

1. In a large, high-sided skillet over medium heat, brown the pork with the spice blend and remove the meat from the pan with a slotted spoon, and set aside.
2. Add the butter to the pan, then sauté the onion, celery, carrots, apples (if using) and herbs. Stir to combine and season lightly with salt and pepper. Cook until the vegetables and apples become soft, 8-10 minutes.
3. Add the chestnuts (already roasted or bought pre-roasted from TJs or Whole Foods), cranberries and stock and simmer together until well heated and the cranberries either cook down and pop (if fresh) or hydrate a bit (if dried).
4. Add the sausage back in to combine all of the ingredients.
5. Place in the oven to heat through or to reheat when you're ready to serve it.

## Roasted Winter Squash with Coconut Butter

### Ingredients

- 1 winter squash
- 2 tablespoons coconut butter/ coconut cream concentrate
- Cinnamon – to taste
- Sea salt – to taste
- Dried currants, raisins, Cranberries or slivered Almonds for garnish

### Instructions:

1. Preheat your oven to 375 F.
2. Cut the squash in half and scoop out the seeds and dispose of them (compost if you have it) or keep them in there to roast with the squash if you like.
3. Place each half cut-side down in a roasting pan or dish (I use a glass pan) and cook until the flesh of the squash is soft. The cooking time will vary depending on the size of the squash but you're looking at anywhere from 30-60 minutes.
4. A small Delicata squash may roast up in 20-25 minutes.
5. When the squash is done, remove it from the oven and top it with coconut butter, cinnamon and a dash of sea salt while it's still warm.
6. Garnish with dried currants, raisins, cranberries or slivered almonds.

## Green Beans with Shallots

### Ingredients

- 1 lb fresh green beans
- 2 tablespoons butter or coconut oil, divided
- 2 shallots, sliced
- Sea salt and black pepper to taste

### Instructions:

1. Steam the green beans in a basket over about 1-inch of boiling water for approximately 8 minutes or until they become a brighter shade of green.
2. While the green beans are steaming, melt 1 tablespoon of the butter or coconut oil in a medium-sized skillet over medium-heat. Place the shallots in the skillet, and sauté until they are translucent and the edges are golden brown. Add sea salt and black pepper to taste.
3. Remove the green beans from the steamer basket, and place them in a serving bowl. Top with the remaining 1 tablespoon of cooking fat, and toss to combine.
4. Place the cooked shallots on top of the green beans, and serve.

## Creamy Herb Mashed Cauliflower

### Ingredients

- 1 large head cauliflower
- 2 tablespoons unsalted butter or coconut oil
- 2 tablespoons extra-virgin olive oil
- ½ teaspoon fresh rosemary, or up to 1 teaspoon other fresh herb of your choice
- Sea salt and black pepper to taste

### Instructions:

1. Cut the cauliflower into 2- to 3- inch pieces.
2. Set up a pot with 1 inch of water and a steamer basket.
3. Bring to a boil, covered, over high heat.
4. Steam the cauliflower until it is fork-tender, then place it in a food processor along with the butter, coconut oil or olive oil, rosemary or other herb, salt, and pepper.
5. Puree until smooth and creamy.

## Brussels Sprouts with Crispy Capers & Bacon

### Ingredients

- 1 large head cauliflower
- 2 tablespoons unsalted butter or coconut oil
- 2 tablespoons extra-virgin olive oil
- ½ teaspoon fresh rosemary, or up to 1 teaspoon other fresh herb of your choice
- Sea salt and black pepper to taste

### Instructions:

1. Preheat the oven to 350 F.
2. In a large, deep pot over medium-low heat, cook the bacon for about 8 minutes. Remove the bacon from the pot and pour the bacon grease onto a large rimmed baking sheet. Slice the bottoms off the brussel sprouts. Then quarter them. Place them on the baking sheet and toss to coat evenly with the bacon grease. Season lightly with salt and pepper.
3. Roast the Brussels sprouts for approximately 30 minutes or until the edges begin to brown and they become bright green.
4. While the Brussels sprouts roast, add about 1/4 inch of coconut oil to the pot used to cook the bacon. Once the oil has melted and is hot, carefully place the capers in the oil and cover with a splatter screen, as a lot of water in the capers will cook off and splatter in the first few seconds. Fry the capers for 1 to 2 minutes or until they become darker green and crispy. Set them aside.
5. When the Brussels sprouts are finished roasting, chop the bacon into 1/4-inch pieces and sprinkle it over the top along with the capers and lemon zest. Pour the lemon juice over the top and serve warm.

## Orange Ginger Carrots

### Ingredients

8 large carrots, sliced into 2" sticks  
Juice + zest of 1/2 an orange  
1 tablespoon ghee or coconut oil  
1/2 - 1 teaspoon ginger powder or fresh  
ginger (fresh will be stronger, use  
whichever you prefer or have on-hand)  
1/2 teaspoon sea salt  
1/2 teaspoon ground black pepper  
Few pinches of nutmeg

### Instructions:

1. Preheat oven to 375°F.
2. Place the carrots in a baking dish and top with the orange juice, ghee, ginger, salt, and pepper and toss to combine.
3. Reserve the orange zest for garnish. Roast until the carrots are soft and begin to brown on the edges, 30-40 minutes.
4. Serve garnished with the orange zest and nutmeg.

## Shaved Jicama Salad with Citrus Vinaigrette

### Ingredients

1 head butter lettuce  
6 ounces jicama (1 small)  
1 mandarin orange  
1/2 cup pomegranate seeds

#### FOR THE DRESSING

2 tablespoons extra-virgin olive oil  
1/4 cup orange juice  
Fine sea salt and ground  
blackpepper to taste

### Instructions:

1. Wash and dry the lettuce, then chop it into bite-sized pieces.
2. Whisk the dressing ingredients in a large bowl and toss the lettuce in the dressing.
3. Pile the lettuce on two plates, with the largest pieces on the bottom.
4. Peel the hard skin off the jicama with a vegetable peeler and slice it very thin with a sharp knife, mandoline, or vegetable peeler.
5. Peel the mandarin and separate it into segments.
6. Arrange the sliced jicama, pomegranate seeds, and mandarin segments on top of the dressed lettuce.

## Apple & Fennel Salad

### Ingredients

2 green apples, sliced into matchsticks  
1 cup thinly sliced fennel (1 to 2 bulbs)  
¼ teaspoon ground cinnamon,  
for garnish  
Salad greens or baby spinach.

### FOR THE DRESSING

½ cup extra-virgin olive oil or  
macadamia nut oil  
2 tablespoons apple cider vinegar  
2 tablespoons fresh lemon juice  
½ teaspoon fennel seeds, ground  
½ teaspoon ground cinnamon  
¼ teaspoon onion powder sea salt  
and black pepper to taste

### Instructions:

1. In a small mixing bowl, whisk together all the ingredients for the dressing.
2. In a medium-sized mixing bowl, toss the dressing with the apple and fennel and garnish with the cinnamon.
3. Serve alone or over salad greens or baby spinach.

## Cherry Kale with Pepitas

### Ingredients

- 1 bunch of curly kale
- 1 tablespoon coconut oil, ghee, or butter
- Sea salt and black pepper
- Pinch of garlic powder
- 1/4 cup 100% tart cherry juice or apple juice, organic if possible
- 3 tablespoons dried cherries
- 3 tablespoons pepitas (pumpkin seeds)

### Instructions:

1. Rinse the kale leaves under cold water, and pat them dry with a towel. Pull the leaves from the stalk by holding tightly onto the end and running your hand up the sides of the stem. You can also just cut the stem out, but the by-hand method is faster and is a kid-friendly method. Chop the kale into small pieces.
2. In a large stainless steel skillet over medium-high heat, melt the coconut oil, then place the kale into the pan and season with a few pinches of salt, pepper, and garlic powder. Allow the kale to sauté for a minute to begin to wilt, then pour the juice into the pan and cover with a lid to allow the kale to steam lightly for another 4 to 6 minutes or until it becomes soft and turns bright shade of green throughout.
3. While the kale cooks, roughly chop the cherries. Once the kale is cooked through, place the cherries and pepitas into the pan and stir to combine. Allow the cherries and pepitas to warm through on the stove for about 1 to 2 minutes.

# Split Roasted Turkey with Sage Butter

## Ingredients

- 1 whole turkey
- Sea salt and black pepper
- 2 large carrots, peeled and chopped
- 3-4 large stalks of celery, chopped
- 2 medium onions, chopped
- 1/2 pound butter, softened
- Leaves from 2 sprigs of fresh sage
- Needles from 1 sprig of fresh rosemary
- Leaves from 2-3 sprigs of fresh thyme

## Instructions:

1. Remove any giblets or bag of extra parts that are inside the cavity of your turkey, then rinse the turkey thoroughly under warm water.
2. Place the turkey on a large cutting board or large kitchen towel on the countertop if you don't have a large board. To split the turkey in half, using poultry shears or a very sharp, large chef's knife, cut along each side of the turkey's backbone and remove it. Then, place the turkey skin-side-down on a clean surface and flatten it by pressing down on it.
3. Optional: for easier roasting, use a knife or a meat cleaver to cut firmly through the breastbone, creating two even-sized halves. (Alternatively, simply ask your local butcher or where ever you purchase the bird to spatchcock it for you.) Reserve the back along with the neck to make your stock.

Note: if you used a towel on the counter top, be sure to disinfect the counter top and remove the towel from your kitchen while preparing the rest of the meal. Season the bottom side of the turkey liberally with salt and pepper.

4. For a very large turkey, divide the chopped vegetables evenly between two high-sided roasting pans, season with salt and pepper, then place each half of the turkey into one pan. If you have your turkey stock already prepared, add about 1/2 cup to the bottom of each roasting pan to keep the vegetables from burning. If you can fit both halves of your turkey in one pan, then place all of the vegetables into the one pan and continue accordingly.

5. In a small bowl, mix together the butter and herbs, and a generous amount of salt and pepper. Carefully separate the skin from the meat, and press the compound butter mixture under the skin, spreading it into a thin layer from the outside of the skin once you place it inside. To reach parts of the turkey that aren't as easily accessible from the opening over the breast meat, make small, 1/2 - 1-inch incisions and insert small amounts of the butter mixture into the hole and spread from outside the skin as-needed.

6. Melt any remaining butter mixture, then brush it generously over the turkey. Season the skin liberally with salt and pepper, then place into the oven on a rack in the lower third for 45-90 minutes (depending on the size of your bird) or until the internal temperature at the thickest part of the turkey reaches 155F. Once you remove the turkey from the oven, it will continue to rise in temperature up to 160F for a completely cooked-through bird. Allow the turkey to rest for at least 20 minutes before carving. Serve with Pan-Roasted Vegetable Gravy, page 76.

## Pan Roasted Vegetable Gravy

### Ingredients

- 1 cup pan-roasted vegetables  
(from under your turkey)
- 1 cup turkey stock

### Instructions:

1. Scrape some of the roasted, browned bits from your pan.
2. Place the browned bits along with the roasted vegetables and stock into a blender, taking care not to fill the blender jar more than halfway as hot liquids will expand when blended.
3. Remove the top “stopper” from your blender jar and cover the opening with a kitchen towel that you hold in place while you blend the gravy.
4. Blend until completely smooth, about 1-2 minutes. This works best in a high-speed blender like a Vitamix or Blend-Tec, but any blender will work.

- 2 1/2 pound smoked ham
- 3 large carrots peeled and chopped 1" pieces
- 2 sprigs rosemary

### Instructions:

1. Preheat oven to 375° F.
2. Whisk together the mustard, maple syrup, cider, ghee, salt, pepper, and rosemary.
3. Place the ham into a baking dish and surround it with the carrots. Brush the sauce liberally over the ham, then pour the remaining sauce over the carrots and toss to coat them.
4. Place the rosemary on top of the ham, then bake until it reaches 160° F internal temperature - about 20-30 minutes per pound.

- 1 tablespoon cocoa powder, for dusting the cake pan
- 11 ounces dark chocolate (80% cacao), roughly chopped
- 1 cup coconut oil
- 1 teaspoon or more mint extract  
(Note: Add the extract to taste. Many are stronger than others and you may need up to 1-2 tablespoons or far less. Start slowly and add more as you stir it in and taste.)
- 3/4 cup maple syrup or honey
- 1/4 teaspoon fine sea salt
- 6 large eggs
- 1 recipe Chocolate Dip (below), for topping (optional)

### Instructions:

1. Preheat the oven to 275°F. Grease a 9-inch round cake pan with the fat and dust it with cocoa powder.

Remove the bowl from the heat when the chocolate is fully melted. Stir in the mint extract, maple syrup, 2 tablespoons of water, and the salt. One by one, whisk the eggs into the chocolate mixture until completely incorporated.
3. Pour the cake batter into the prepared pan. Fill a large baking dish with 1/2 inch of water and place the cake pan into the baking dish. The water should come halfway up the side of the cake pan. Place the cake pan and baking dish in the oven and bake for 45 to 50 minutes, until the cake is set.
4. Remove the cake pan from the water bath and let the cake cool in the pan at room temperature for about an hour. Tip the cake out onto a platter. Drizzle with the chocolate dip and candy garnish, if using, slice, and serve. Store leftovers in the refrigerator.

4. Place the pan in the oven and roast the mixture for about 20 minutes, until golden.

6. Once the eggs are cold enough to handle, peel them and cut them in half.
7. Carefully scoop out the yolks and mash them in a bowl with the mayonnaise, mustard, bacon bits, cumin and salt and pepper to taste.

## Chocolate Coconut Bark (modified by Tina from the Primal Blueprint cookbook)

### Ingredients

2 ounces of unsweetened dark chocolate  
(I did much more than this for the party)  
1 cup coconut oil  
½ cup agave nectar  
1 handful of coconut flakes  
1 handful of slivered almonds  
Sea salt sprinkled generously on top

### Instructions:

1. Melt chocolate in double oven (I used one large saucepan inside a larger one that had boiling water in it to melt the chocolate. Do NOT microwave your chocolate.
2. Once chocolate melts, add the other ingredients and stir well. Try to leave some to put in the pan. Sprinkle sea salt on top.
3. Make sure you line your casserole dish with wax paper or parchment paper – put into the freezer once it cools a bit. Only takes about 15 minutes to set up. We left ours a little longer and just broke it into pieces – it's delicious and fills the bill for you chocoholics- but beware- still has dairy and very calorie dense.

2 cups cooked crab claw meat, canned or fresh and finely chopped

## Coconut-Almond Green Beans

### Ingredients

- 1 tablespoon coconut oil
- 2 tablespoons sliced almonds
- 1/2 medium onion, finely diced (about 1/2 cup)
- 3 cloves garlic, minced (about 1 tablespoon)
- 1 teaspoon ground cumin
- 1 teaspoon ground coriander
- 1 teaspoon paprika
- 1/2 teaspoon red chili pepper flakes
- 3/4 teaspoon salt
- 1 cup canned coconut milk
- 1 pound green beans, trimmed
- 1 teaspoon lime juice
- 1/2 cup fresh cilantro leaves, minced (2 tablespoons) (optional)

### Instructions:

1. Heat the oil in a large sauté pan over medium heat. Add the almonds and cook until lightly browned. Keep an eye on them; they brown quickly! Transfer almonds to a plate for later. Resist the temptation to eat them!
2. In the same pan, sauté the onion, garlic, cumin, coriander, paprika, chili pepper flakes, and salt. Cook until the onion is soft and beginning to get brown bits, about 4-5 minutes.
3. Add the coconut milk to the pan and mix well, then add the green beans. Make sure everything is blended, then bring the pan to a boil, reduce the heat to a simmer, and cook covered until the beans are tender. The cooking time is a judgment call. If you like them crisp, it's about 6 minutes. If you like them softer, let them braise for about 8 minutes.
4. When the beans have reached the desired tenderness, remove the lid and let the sauce cook down until it thickens a bit. Remove the pan from the heat and stir in the almonds, lime juice, and cilantro (if using).

## Easy Roasted Turkey w/ Sage Butter

### Ingredients

12 - 14 lb turkey  
½ cup butter (1 stick), softened  
2 Tbsp fresh sage, minced  
2 Tbsp fresh garlic, minced  
1 Tbsp kosher salt  
1 tsp freshly ground pepper  
1 lemon, quartered  
2 small apples, quartered

### Instructions:

1. Preheat your oven to 400 degrees (F) and adjust your racks to fit the turkey into it.
2. Remove the neck and giblets from the turkey and rinse the bird inside and out. Pat dry.
3. Combine the softened butter, sage, garlic, salt and pepper in a small bowl, mixing well to combine. Starting from the back of the bird, slide your fingers between the skin and breast meat, opening a cavity that extends all the way to the front and along the sides of the breast. Push the flavored butter under the skin, covering all of the meat. Do the same with the tops of the drumsticks, being careful not to pierce the skin. This is no time to be squeamish roll up your sleeves and get in there with your fist full of butter! Then rub the remaining butter over the rest of the skin of the turkey, top and bottom.
4. Stuff the quartered lemons and apples into the cavity of the bird. If they don't all fit, throw the rest into your roasting pan.
5. Place the bird UPSIDE DOWN into the roasting pan this protects the breast and keeps it from drying out. Roast at 400 degrees for one hour. Remove from the oven and turn over carefully. Roast right side up for another hour. Test with a meat thermometer for 165 degrees at the thickest part of the thigh. If not quite there, give it another 15 minutes and test it again. Remove from the oven and let it rest preferably for an hour if you can.
6. While the turkey is resting, pour the pan juices into a measuring cup. Skim off 90% of the fat and then add about ½ cup of water and ½ tsp of xanthan gum (if you have it) to thicken it. Puree in a blender or magic bullet and reheat just before serving.

## Roasted Carrots and Turnips with Herbs

### Ingredients

68 small carrots, peeled and cut into diagonal slices  
2 large turnips, peeled, sliced, then cut into diagonal strips slightly larger than turnips  
1-2 T olive oil, enough to coat vegetables  
2 tsp. plus 1 tsp. balsamic vinegar  
1 tsp. very finely chopped fresh rosemary  
1 tsp. very finely chopped fresh sage  
Salt and fresh ground black pepper to season if desired

### Instructions:

1. Preheat oven to 350 F. Peel carrots and turnips and cut into diagonal pieces, making the turnips slightly larger than the carrots, since turnips cook a little faster. Put vegetables into ziploc bag, pour in olive oil and 2 tsp. balsamic vinegar, then add herbs. Seal the bag and squeeze to move the vegetables around until they are wellcoated with oil and the vegetables are mixed around.
2. Spray a roasting pan with olive oil, or drizzle on a tiny bit of oil and wipe around with a paper towel if you don't have an olive oil mister. Pour veggies out onto pan and spread around so they're in a single layer. Roast 35-45 minutes, until vegetables are softened and starting to brown. Put into serving bowl and toss with remaining 1 tsp. balsamic vinegar, and season with salt and pepper if desired. (I used the tiniest bit of sea salt and no pepper.) Serve immediately.

## Sweet Potato Apple Pie

### Ingredients

- 3/4 medium(ish) sized apples or  
2 large apples, sliced
- 1 Medium Sweet Potato,  
peeled and diced
- Pinch of Salt
- Fat of Choice
- 1 tsp. Raw Honey, melted
- 1 tsp. Cinnamon
- 1 tsp. Vanilla Extract
- 1 Eggs, slightly beaten (optional)

### Instructions:

1. Get your oven rocking and rolling at 350 (F)
2. Fill a medium sized pot up with water, and then peel and chop your sweet potato. Add it into the water, set it on the stove and allow to boil (you're going to mash it up in the end!). I personally like to start with the lid on, and the remove it once things are boiling and possibly turn down the stove a little. But it's totally up to you!
3. While those are cooking away, add your favorite fat to a large skillet (I used butter here but I've also tried it with Bacon Fat and holy coffee it was good!) and get it heating. Then start to peel your apples and chop your apples into slices. Add them into the pan and give it a good stir!

4. Note on my method. I like to peel two or three apples to start, cut them into quarters and then use a pairing knife (or any sharp small knife) to remove the core and then I chop the slices right into the pan. Then I proceed to peel the last two apples and do the same thing. That way some apples are soft and some have a bit more texture in the pie, allowing for some really awesome flavor and texture!

5. When your apples are almost cooked through, add in your Cinnamon, Pinch of Salt, Vanilla Extract, Spritz of Lemon Juice and I also like to add another tablespoon or so of your favorite fat (there's never a thing as too much butter). Mix it all together well and let your apples finish cooking.

6. When your sweet potato is fork tender, drain it and add in your fat of choice {as much or as little as you want}, Raw Honey, Cinnamon, Vanilla Extract and mash/ mix it well.

7. By now your apples should be done and wicked yummy. Add them into your pie pan and spread them out into an even layer.

8. Then add in your slightly beaten egg to your sweet potato, give it a quick mix about and spread it on top of the apples.

9. Place in the oven to bake for 15-25 minutes or until the top has set a little and has a pretty golden color.

10. Try to let it cool before diving in! It does slice/serve better when you let it cool down a lot.

8. Now take your sweet potatoes and remove the skin and mash them in a bowl
